Current Progress at the Site

This facility is one of EPA Region III's high priority RCRA corrective action sites. The Commonwealth of Pennsylvania recently conducted an Environmental Indicator (EI) inspection at this facility and determined that additional information needs to be gathered in order to determine if the EIs have been met.

The Commonwealth of Pennsylvania will be discussing the data gaps with the facility and EPA Region III to determine the best approach to gather the additional information.

Site Responsibility

RCRA Corrective Action activities at this facility are being conducted under the direction of EPA Region III with assistance from the State.

Institutional Controls

There are no institutional controls at this time.
